

# Grey is the New Green

## SAFETY FIRST, SECOND, AND THIRD

### STEP 1

Employees place an empty Grey Box on its custom made dolly and pack their belongings. When the first box is full, close the lid and place the next empty Grey Box on top. Repeat up to 4 Grey Boxes per dolly.

### STEP 2

D&R Office Works moves your Grey Boxes to their new location.

### STEP 3

Employees unpack the top Grey Box and remove the empty Grey Box from the stack. Repeat until all Grey Boxes are empty.

Your move has now been completed with no employee lifting a full box, all while creating no unnecessary waste.

## GREY BOX FEATURES

Arrives assembled and ready to use, no wasted time or instructions required.

Deluxe custom Grey Box dolly for safe moving.

“True Form” ergonomic carrying handles are designed for safer lifting.

Solid nesting stops allow increased stacking height of empty containers.

Textured label areas for easy label removal.

## SOFT COST SAVINGS

“IT’S ALL ABOUT EFFICIENCY”

Reduce worker’s compensation issues by eliminating heavy lifting.

Grey Boxes are lockable, increasing security for sensitive material to meet HIPAA guidelines.

Grey Boxes are crushproof, and that means no damage to packed contents.

Elimination of the disposal costs and post-move clean-up time usually affiliated with cardboard boxes.
